

Manuel Peña.

Double honours for gem of fit-out firm

IF THIS keeps up Projects Queensland is going to need a bigger mantelpiece. The locally based fit-out company has just been announced as the Australian Shop and Office Fitting Industry Association National Interior Fit-out of the Year Award winner at the annual conference in South Australia. The award was for the exquisite fit-out of the Cartier Brisbane project. In further good news, it also picked up an award for its work in ensuring that Gucci Perth looks as good as the products on the shelves. Suitably pleased general manager Manuel Peña praised his staff for their dedication and skill, and the commitment to excellence shown by all at Projects Queensland.
